

ENDURANCE WORLDWIDE REINSURANCE

Endurance Worldwide Reinsurance underwrites property, catastrophe, casualty, aerospace and marine, surety, agriculture and other specialty lines of reinsurance. Our account management approach enables us to offer a broad multi-line capability to underwrite risks across our clients' insurance portfolios, supported by proprietary analytic and modeling tools and databases and the transactional experience of our underwriting, actuarial, legal and claims professionals.

Endurance Reinsurance – Latin America

Endurance Worldwide Reinsurance offers reinsurance protection on a broad range of multi-line products with significant capacity available. We provide mutually profitable solutions to clients in the international markets, underwriting on both an excess of loss and a proportional basis. We work with ceding company reinsurance buyers and their brokers, and seek to establish long-term relationships.

At Endurance, understanding our clients' business is our focus. Through our multi-disciplined teams of underwriters, claims and actuarial professionals, we offer in-depth analytic solutions driven by detailed statistical information, including catastrophe aggregate exposures, where appropriate. It is this focus and commitment that enables us to anticipate and manage our clients' risks.

At Endurance, we take our name seriously. We focus on meeting our clients needs with sustainable solutions. We build loyalty – from our clients and their brokers – through responsive and consistently high quality underwriting, actuarial, legal and claims services.
