

ENDURANCE WORLDWIDE REINSURANCE

Endurance Worldwide Reinsurance underwrites property, catastrophe, casualty, aerospace and marine, surety, agriculture and other specialty lines of reinsurance. Our account management approach enables us to offer a broad multi-line capability to underwrite risks across our clients' insurance portfolios, supported by proprietary analytic and modeling tools and databases and the transactional experience of our underwriting, actuarial, legal and claims professionals.

Small Business Reinsurance

Endurance's Small Business unit specializes in writing U.S. property, liability and multi-line treaties for a mix of homeowners, auto, small commercial, general liability, and low hazard workers' compensation exposures. We offer non-proportional and proportional reinsurance products.

We seek partners with sound management practices and strategies as well as effective business processes driving their underwriting, pricing, risk management, and claims activities. Typical clients focus on personal lines and low hazard commercial risks.

We pride ourselves on the long-term relationships we have established. We can provide significant capacity and look to lead programs or secure an influential position working closely with our brokers to structure and support reinsurance programs that optimally suit our clients' needs.
